

## President Speaks

*“Empowering women through education is essential for fostering their economic independence while maintaining originality.”*

Education of women has long been a cherished aspiration of mine, and Kamla Nehru College is realizing that vision to the fullest. Education as a potent tool, not only fosters personal growth but also catalyzes positive societal change, serving as a pathway from obscurity to enlightenment. It is truly heartening to witness the commendable reputation Kamla Nehru College has built for itself, excelling in both academic and non-academic spheres.

Aligned with the principles of the National Education Policy (NEP), the college is dedicated to empowering students, nurturing their motivation, confidence, and readiness for the future. Moreover, it instills in them a strong sense of global responsibility and upholds moral and ethical values. Through diverse initiatives, the College fosters the skills necessary for the emergence of future leaders who will positively impact the society.

At the heart of this success are the pillars of the institution: The Principal, Dr. Savinder Pal, and the dedicated teaching and non-teaching staff, who work tirelessly to enhance the college's functioning and provide unwavering support to students. As we embark on another academic year, I extend heartfelt congratulations to Dr. Savinder Pal for her exemplary leadership, wishing her continued success in guiding the college towards greater heights.

I convey a warm welcome to the incoming freshers, expressing my best wishes for their journey ahead. May they find inspiration and guidance in Kamla Nehru College's nurturing environment as they embark on their educational endeavours.

With Best Wishes  
**Mr. Dhiraj Sardana**  
*President*
