

Director Academics

We at Kamla Nehru College are keenly involved in supporting and promoting the process of Women Empowerment from a mere dormancy into a dynamic leader in every field.

Being an educationalist and having imported education for 38 years, I earnestly believe that the missionary zeal and visionary approach of our founders along with the dedicated staff can work wonders in producing skilled minds for the transformation of the society.

The experience at this historic institution will broaden your mind, expand your horizons and maximize your potential. It will encourage you to think independently, Challenge societal norms and discover your true strengths. Here, you will not only receive education but also learn the values of equality, dignity and self respect. It will allow you to navigate a world full of opportunities, uncertainties with courage and a sure step.

Do us proud, do the Nation proud and above all do the kingdom of womanhood proud.

May god bless you!

Dr. Savinder Pal
Director
